

Md Abrar Ul Awal Chowdhury

Computer Science and Engineering Student

Email: abrarmayaz2002@gmail.com

Phone: +8801400384709

GitHub: github.com/Mayaz120102

LinkedIn: linkedin.com/in/abrar-mayaz-53b7b2282

Professional Summary

Computer Science and Engineering student with strong interest in backend development and competitive programming. Experienced with C/C++, Python, FastApi, Django, and modern web technologies with solid knowledge of data structures, algorithms, and object-oriented programming. Familiar with Docker, Redux, ExpressJs. Also Learned ReactJs but currently Focusing backend with FastApi.

Education

BSc in Computer Science and Engineering

International Islamic University Chittagong (IIUC)

Expected Graduation: 2026

Higher Secondary Certificate (HSC)

Government City College, Chattogram

GPA: 5.00

Passing Year: 2020

Secondary School Certificate (SSC)

Nasirabad Government Boys High School

GPA: 5.00

Passing Year: 2018

Technical Skills

Programming Languages: C, C++, Js, Python

Web Development: HTML, CSS, JavaScript, ReactJS, Node.js, Django

Core Computer Science: Data Structures, Algorithms, Object-Oriented Programming

Tools: Git, GitHub, VS Code, Linux, VirtualBox

Projects

Django E-Commerce Web Application

- Developed an online bookstore using Django.
- Designed database models for books, authors, and publishers.
- Implemented product listing and admin management features.

Personal Portfolio Website

- Built a responsive portfolio website using ReactJS.
- Hosted projects and code using GitHub.

Product Tracking System

- Built using Python and Django.
- Implemented multi-user authentication and product tracking features.

HTTP Proxy Server

- Implemented a command-line proxy server using C++.

AI-Based Job Portal

Github: <https://github.com/Mayaz120102/hackathon-frontend>

- Developed a job portal platform where users can upload CVs and skills.
- Built using ReactJS (frontend) and Django (backend).

Competitive Programming

- Active competitive programmer focusing on algorithmic problem solving.
- CodeChef Rating: **1444** (2-Star).
- Codeforces Rating: **873**.
- Regular participant in online programming contests.

Training and Certifications

Professional Django Development Course

80-hour professional training under the Enhancing Digital Government and Economy (EDGE) Project, ICT Division, Government of Bangladesh.

NextGen Hackathon 2025

Certificate of completion presented by Programming Hero and powered by Liberate Labs.

Additional Learning

Currently enrolled in a Computer Science Fundamentals program on the Phitron learning platform covering:

- C and C++ Programming
- Object-Oriented Programming
- Data Structures and Algorithms
- Competitive Programming
- Software Development with FastApi

(Expected completion: 2026)

Activities

- Practicipated National Hackathon Presented By Programming Hero and Powered By Liberate Labs
- Participated in university programming contests.
- Attended seminar on Integrating Machine Learning with Robotics organized by IEEE Robotics and Automation Society.

Achievements

- Secured 2nd place in two sprint race events during school athletics (2013).

Languages

- Bangla (Native)
- English (Professional Working Proficiency)
